Dear Public Service Director

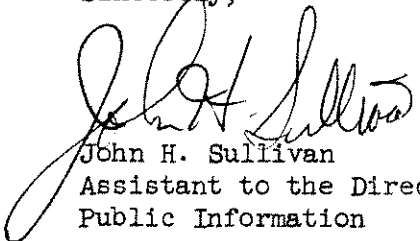

On January 1 county welfare departments began using a new reporting system developed last year by the State Department of Social Welfare and the County Welfare Director's Association.

This system requires welfare recipients in the Aid to Families with Dependent Children (AFDC) program to report their income and eligibility once a month by mail on a new one-page form. The form is sent to recipients on the last day of the month and they are required to return it by the fifth in the pre-stamped envelope provided.

We ask your public service help in reminding welfare families during the first week of the month to mail in this form. The attached announcement contains the information we are attempting to convey.

Your assistance will be appreciated.

Sincerely,

  
John H. Sullivan  
Assistant to the Director
